

**COMPUTER ACADEMY**

DIPLOMA IN GRAPHICS DESIGNING

**DESIGN YOUR WORLD WITH
CREATIVITY!**

"Unlock your future with AIM Computer Academy—where quality meets affordability! Our fee structure is crafted to give you premium training, cutting-edge facilities, and free learning resources without breaking the bank. Get the best education at a price that works for you, because your success is our priority!"

Unlock your creative potential with our comprehensive six-month diploma in Graphics Designing! This program is perfect for beginners eager to dive into the world of design. Learn industry-standard tools like CorelDRAW, Illustrator, InDesign, Photoshop, and Adobe Premiere Pro. Along with mastering these powerful software, you'll explore essential design theories, including Principles of Design, Color Theory, and the Golden Ratio. With hands-on projects and expert guidance, this course equips you with the skills needed to create stunning visuals and launch your career in the dynamic field of graphic design.
